

EXPERIENCE MEETS LEARNING IN THE WEST COAST FINLAND

Interested to experience and learn about the famous Finnish educational system, and at the same time enjoy unbelievable Finnish nature with its purity and tranquility? In the West Coast Finland, we offer you a unique opportunity to combine these elements.

We offer a comprehensive Edutrip network and special educational camp -concept "Experience Meets Learning", which is designed and produced in co-operation with different educational organizations and tourism companies in the West Coast Finland. A typical program includes school visit with lessons together with Finnish schoolchildren and workshops at countryside camp destinations. The programs are based on learning by doing and the Finnish National Core Curriculum.

The Finnish west coast is a mixture of idyllic riverside sceneries, Bothnian Sea archipelago, fascinating forest trails and outstanding cultural landscapes. Nature is literally at your doorstep as well as all the services you need. It takes only three hours to reach us from Helsinki airport.

Imagine an evening with a glittering waterfront view and the sound of a crackling bonfire in the midnight sun. What a moment to take a memorable picture!

CAMP SCHOOL AT KANNISTO DOMESTIC ANIMAL FARM

Come and enjoy the original and relaxing countryside with interesting activities, delicious homemade food and pure nature at **Kannisto Domestic Animal Farm**. Programs for camp schools are tailor made

with professional organizations and you can also add the appropriate theme days depending on the duration of the camp: these days are Day of Animals, Day of History and Day of Nature.

OUTDOOR EXPERIENCES AT YYTERI BEACH RESORT

You are welcome to have an exciting learning experience in **Yyteri Beach Resort**, next to the Bothnian Sea National Park. The resort is surrounded by dunes and an amazing sand beach, fresh air and nature with a taste of the

sea and forest. The resort offers several different kinds of activities guided in English and workshops about the special relationship Finns have with nature. Highlights include teamwork & problem-solving lessons.

SPORT CAMPS AT PITKÄJÄRVI RECREATION CENTRE

Pitkäjärvi Recreational Centre provides a safe, natural and magnificent setting for sport camps all year round, in the middle of beautiful forest area. Accommodation in neat and functional hostels includes all necessary

amenities. In the fresh and pure forest surroundings, the secure sport camps provide the most joyful and unique experience and improve wellbeing.

JOYFUL LEARNING AT SIERAVUORI HOLIDAY RESORT

A camp school at **Sieravuori Holiday Resort** gives you an extraordinary opportunity to learn from our beautiful nature, original culture and lifestyle in Finland. In addition to experiencing

unforgettable moments and making life-lasting friends, in the workshops, participants will gain many wilderness experiences, including valuable survival skills.

COUNTRYSIDE CAMPS AT ALI-KETOLA FARM

The **Ali-Ketola Farm** is located in the beautiful surroundings right by the river Kokemäenjoki. The closeness to nature and a large yard area offers opportunities for organizing various camp workshops and fun "Olympic" or other

outdoor games, which support development of motoric and teamworking skills. Explore and learn the authentic countryside lifestyle, have fun, play games and enjoy sporting activities during summer or winter.

SAMK EDUTRAVEL COORDINATES THE PROGRAM FOR YOU

SAMK EduTravel is an incoming travel agency in Satakunta University of Applied Sciences, coordinating educational tours such as edu-camps and themed group visits, in the safe and peaceful West Coast Finland. We provide high-quality educational travel packages in Finnish schools and recreational environment.

Each visit is tailor-made according to the group's wishes to guarantee the best learning experiences. Our services consist of school visits, leisure time learning activities, accommodation and meals in camp destinations as well as transfers, interpretation services, and group leader assistance.
